

Introduced by Senator Poochigian

February 21, 2003

An act to amend Section 6130 of the Labor Code, relating to workers' compensation.

LEGISLATIVE COUNSEL'S DIGEST

SB 757, as introduced, Poochigian. Workers' compensation: state insurance.

Existing law provides that any state agency, by appropriate action, may provide hospitalization, medical treatment, and indemnity, including death benefits, to its employees and to their dependents for injury or death suffered from accident, irrespective of fault, occurring in the course of, and arising out of, the employment with that state agency, where the injury or death is not compensable under the workers' compensation law.

Existing law authorizes a state agency, in lieu of making direct payments under the above provisions, to obtain insurance from the State Compensation Insurance Fund, if certain conditions are met.

This bill would make technical, nonsubstantive changes to these provisions.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.
